CARD FROM MR.SCHUH.-It has been curently reported in the city that I am opposed to the proposition to superibe bonds to the Cairo and Vincennes railroad company and place them in escrow to be delivered when a train of cars shall have passed over said road from Cairo to Vincennes. This report is incorrect. I was opposed to the issuance of the bonds of the county under former propositions because I believed those propositions to be indefinite in their terms, unsatisfactory and inconsistent with the welfare of the county. But the last proposition meets my hearty approval, and shall receive my vote, as 1 believe it should receive the votes of all citizens who are anxious to secure the prosperity of the county and city.
